SQ Testimonials

The Long Term Retreat Program at Creacon was the most amazing and transformational experience of my life. In the real world, I had been in therapy for years. I knew most of my issues and I had worked hard to change my behaviors, but I still suffered from depression and had major self-confidence issues as well as your normal sprinkling of dysfunctional behavior patterns.

I have gone through huge inner transformations during my six months at Creacon. I never dreamed it would be possible for the traumatic experiences of my life to be healed like they have been. It was definitely not easy, but I desperately wanted to heal. So with Derek and Linda etherically holding my hands, I had the courage to go into my deepest, darkest places and pray for God to lift my burdens. Every time I reached the root of an issue and felt I could not possibly go any further, I would pray from the bottom of my heart for help, and grace would step in to heal me.

I am so very grateful to have been blessed with this opportunity. I have learned that the most important thing is to love myself just as I am and to accept that all I am is perfect. I now have peace in my heart that I never thought could be possible with the past that I had. And I, who have never been truly happy for long, am quietly happy and content. There is no place on earth like Creacon for healing. God is so present here, anything is possible. I thank Derek from the bottom of my heart – I am forever grateful. I am now ready to go live my life and serve. Thank you.
