SQ Testimonials

I have walked many paths in my life, from Catholicism to Atheism (30 years), from self-help to Human Potential Development seminars (8 years), from Native American to Hindu/guru (22 years) and yet I had anger, judgement, victim, abandonment and self-hatred still inside of me. In the last three years I have come to Creacon for long term stays and thru the energy of Creacon and my Teacher's guidance, layers of that have come off and a sense of inner peace has come in its place. I have learned that no one does anything to me, I do it to myself (victim), all judgement is self judgement, and anger is my own fear of rejection and mistrust of everyone including myself. I have traced the rape, the multiple husband syndrome, the abandoned child and the greed, back to its source to release the needs and the fears attached to it all. Most of all I found the love inside of me thru my teachers eyes because he held such great love, compassion and acceptance of me that I could finally begin to see the truth of who I am thru his eyes and thru his heart. We are guided by his seen and unseen hand to move thru the challenges in a good way, empowered to stand in our truth and see with clear eyes and a loving heart that all who come to us are teachers and to honor them for their gifts to us. I often heard those words but I never truly understood them until I stayed at Creacon and I was brought home again...to my true home...my heart. Nothing worth having comes without a price, a million dollars would have been a small price to pay because no amount of money, nor sacrifice we make, can buy Love, Truth and Peace and the wisdom and the freedom we find thru having them in our life.
